"We give home care", -- this is the most important fact the public should know about the Mattapoisett District Nurses, it was revealed in a state-wide public information poll conducted this month by the Massachusetts Association of Community Health Agencies.

The non-profit Medicare/Medicaid certified agency for home health in Mattapoisett reports the recent addition of physical therapy, occupational therapy and medical social work as well as a dramatic increase in the number of their visits to the home-bound.

According to Margaret A. unteers, under the auspices of the Tobey Hospital Guild, help to make the patient more at ease as they work quietly in the nursing units, the cafeteria, the outpatient and admitting areas, the laboratory and x-ray departments. They maintain and staff a gift shop which offers a wealth of handmade items at modest prices; they visit each bedside daily with a well-supplied gift-cart; they personally arrange flowers and deliver mail. Their services add up to over 12,000 hours annually.

At no time, however, is their dedication more evident than during the holiday season. On Christmas Eve as well as Christmas Day, Tobey Hospital is fortunate to find a full complement ready to assist wherever necessary. The ladies in their pink smocks or jumpers bring an individual gift, made by the Guild members, to each patient. They assist in feeding those who may have difficulty in eating; they calm the youngster in the emergency rooms; they talk to the lonely; they give of themselves.

Volunteers always consider patients at Tobey Hospital very special people. And so,

LECTURE AND SLIDES ON GREATER BOSTON ARCHITECTURE

Mr. Douglas Shand Tucci, eminent architectural historian and author of the recently published book, *Built in Boston: City and Suburb*, will give a lecture and slide presentation on Greater Boston architecture, Wednesday, January 17, at 7:30 P.M. at the Marion Center for Human Services, 335 Wareham Road (Route 6), Marion. he prepared for the Boston Public Library the first retrospective exhibition of the work of Ralph Adams Cram, an exhibit Ada Louise Huxtable in *The New York Times* called "impressive and illuminating". Since 1977 Mr. Tucci has taught Boston architectural history at Harvard.

Proceeds will benefit the Marion Center for Human Services. Copies of Mr. Tucci's new book will also be available for purchase.

Mascot "Troubles" Dies

A happy life completed, the 10-year old English Bulldog mascot of Old Rochester Regional High School died just before Christmas of old age. The 10 years of attendance at ORR sporting events will be remembered by all sports fans who recall the star of half-time shows and parades. Troubles was exceedingly fortunate in that she found a home and master with Mr. and Mrs. Winfield Jenney of Church Street, Mattapoisett. Fame left her little impressed and a dog's

On June 12 in 1977, Troubles was awarded the first honorary diploma in the history of the school at commencement exercises.

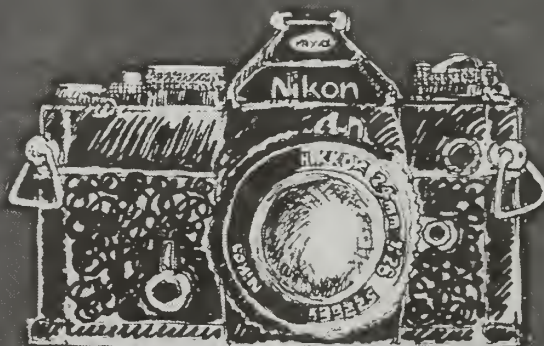

She waddled to the podium in majestic dignity and wore a mortarboard in ORR red like her fellow graduates.

Troubles was born August 22, 1969 and her life was as full and exciting as any dog can stand. She had a broad smile and was the focus of much admiration which she acknowledged with her stubby tail wag. She will be long remembered by all.

CETA Project

ROCHESTER SEEKS CETA PROJECT EXTENSION

Rochester's CETA-funded beautification project is working so well that project officials don't want it to end.

The project, which employs about a dozen workers, is scheduled to end in January. But Acushnet/Rochester CETA Coordinator Louis Berard thinks it should continue through September.

Berard recently submitted a request to the New Bedford Consortium for an extension of the project. The Consortium is the area's CETA agency and administers CETA in Rochester and seven neighboring communities.

Berard and Project Supervisor Dale Dakin both say the project is working well. Dakin calls it "very successful...dynamite" and says it's among the best he's seen during his 35 years as a Rochester resident.

Dakin and Berard have a long list of project accomplishments to prove their point.

Among other things, CETA workers: are painting and refurbishing the Rochester Grange Hall; thinned, pruned and cleared underbrush at Rochester Town Forest to allow saplings to grow; painted the fieldhouse and did laboring work at Gifford Memorial Park; removed more than 100 tree stumps at

What's ahead for the beautification project?

Berard says it will continue pretty much on its present course, sprucing up the town and its buildings. And, if it is extended, CETA workers on the project will undertake a town-wide roadside litter cleanup--a project suggested by Selectmen.

Berard says he welcomes other suggestions and advice as well.

"I'm on call to Rochester at any time... day or night ... to meet with Selectmen, department heads or community people to talk about CETA and how it can help the town," he says.
